

# Price Comparison Tool

Powered by **Healthcare Bluebook**

## Cost estimates and best in-network medical care!

In response to the transparency in coverage (TIC) rule mandate, we have partnered with our long-time partner Healthcare Bluebook to build a highly intuitive price comparison tool which includes all shoppable services. This tool is made available to members through their member portal. In minutes, members can identify the Fair Price™ for all shoppable procedures\* and compare estimated procedure facilities including what their personal deductible and out-of-pocket cost share will look like.

### What is a Fair Price™?

A Fair Price™ is the reasonable amount you should expect to pay for a procedure or medical service.

Healthcare Bluebook uses the green, yellow and red color signs to guide you to Fair Price™ facilities.
